

Safety Data Sheet

2-in-1 Correction Fluid, Fast Dry Correction Fluid, PMOP Correction Fluid, Smooth Coverage Correction Fluid

1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND SUPPLIER

Product Name: 2-in-1 Correction Fluid, Fast Dry Correction Fluid, PMOP Correction Fluid, Smooth Coverage Correction Fluid

Recommended use: Correction Fluid

Supplier: Newell Brands
ABN: 68075071233

Address: Caribbean Park
Level 3, 35 Dalmore Drive
Scoresby, Vic 3179
Australia

Telephone: +61 3 8762 4222

Facsimile: +61 3 8762 4202

Primary Contact Number for Emergencies: (Australia) - 1800 639 355

2. HAZARDS IDENTIFICATION

HAZARDOUS SUBSTANCE according to GHS criteria

DANGEROUS GOOD by the criteria of the Australian Code for Transport of Dangerous Goods by Road and Rail.

Classification of mixture: FLAMMABLE LIQUIDS – Category 2
TOXIC TO REPRODUCTION (Fertility) – Category 2

GHS label elements

Signal word: Danger

Hazard statements: Highly flammable liquid and vapor.
Suspected of damaging fertility.

Precautionary statements

General: Read label before use. If medical advice is needed, have product container or label at hand.

Prevention: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Wear protective gloves. Avoid hot surfaces and ignition sources. Use in well ventilated area.

Response: If exposed remove contaminated clothing and wash skin with soap and water. If irritation occurs seek medical attention.

Storage: Store in cool, well ventilated area

Safety Data Sheet

2-in-1 Correction Fluid, Fast Dry Correction Fluid, PMOP Correction Fluid, Smooth Coverage Correction Fluid

3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical identity | CAS Number | Proportion (Weight %) |
|-------------------|------------|-----------------------|
| n-Hexane | 110-54-3 | 2 - 5% |

All other ingredients are Non Hazardous to health or the environment.

4. FIRST AID MEASURES

EYE CONTACT: Immediately rinse eyes with plenty of water, occasionally lifting upper and lower lids, until no evidence of product remains. Obtain medical attention if irritation persists.

SKIN CONTACT: Rinse affected area with soap and water until no evidence of the product remains. Obtain medical attention if irritation persists. Remove contaminated clothing and launder before reuse.

INHALATION: Move victim to fresh air. If symptoms develop obtain medical attention.

INGESTION: Rinse mouth thoroughly with water and treat symptomatically. Do not induce vomiting unless directed to do so by a medical practitioner. Contact physician or local poison control centre.

5. FIRE FIGHTING MEASURES

EXTINGUISHING MEDIA: Use dry chemical, CO₂, water spray or foam. Do not use water jet.

SPECIFIC HAZARDS: Highly flammable liquid and vapour. In the case of fire, containers may heat with risk of a subsequent explosion. Runoff to sewer may create a fire or explosion hazard.

DECOMPOSITION PRODUCTS: These may include carbon dioxide, carbon monoxide and metal oxides.

SPECIAL PROTECTIVE EQUIPMENT: Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus.

6. ACCIDENTAL RELEASE MEASURES

Steps should be taken in case material is released or spilled to remove all sources of flame, sparks and heat. Although chance of a significant spill or leak is unlikely, in the event of such an occurrence, absorb spilled material with non-flammable absorbent such as sand or vermiculite.

Only trained persons should manage spills and must wear appropriate protective equipment.

7. HANDLING AND STORAGE

STORAGE CONDITIONS: Store product in cool, dry and well-ventilated area free of ignition sources. Store in a segregated and approved area and store in original container protected from direct sunlight. Separate from oxidizing materials. Keep container tightly closed and sealed until ready for use.

HANDLING: Personal protective equipment should be selected based on the task being performed and the risks involved

Do not shake marker and keep cap on marker when not in use.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Personal protective equipment for the body should be selected based on the task being performed and the risks involved.

Gloves: Not required for normal use.

Eye protection: Not normally required.

Respiration: Protection not normally required

Ventilation: Local – not required for normal use

Safety Data Sheet

2-in-1 Correction Fluid, Fast Dry Correction Fluid, PMOP Correction Fluid, Smooth Coverage Correction Fluid

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: White liquid
Odor: Not available
pH: Not available
Boiling point: Not available
Flash Point: -10°C Closed cup
Relative Density: Not available
Evaporation Rate: Not available
Solubility: Not available
Viscosity: Not available

10. STABILITY AND REACTIVITY

Reactivity: No specific test data related to reactivity available for this product or its ingredients.

Chemical Stability: Stable under normal conditions of storage and use.

Incompatibility: Do not store with oxidising agents.

Conditions to avoid: Sources of heat, sparks or flame and other ignition sources.

11. TOXICOLOGICAL INFORMATION

Information on toxicological effects

Acute Toxicity.

Sensitization

No known significant effects or critical hazards.

Mutagenicity

No known significant effects or critical hazards.

Carcinogenicity

No known significant effects or critical hazards.

Reproductive toxicity

No known significant effects or critical hazards.

Teratogenicity

No known significant effects or critical hazards

Potential chronic health effects

Potential delayed effects: Suspected of damaging fertility.

ASPIRATION HAZARD

n-hexane Category 1

12. ECOLOGICAL INFORMATION

| Product Name | Result | Species | Exposure |
|--------------|----------------------------------|----------------------------|----------|
| n-hexane | Acute LC50 2500 µg/l Fresh water | Fish - Pimephales promelas | 96 hours |

PERSISTENCE AND DEGRADABILITY: No known significant effects or critical hazards.

Safety Data Sheet

2-in-1 Correction Fluid, Fast Dry Correction Fluid, PMOP Correction Fluid, Smooth Coverage Correction Fluid

Bio accumulative Potential

| Product/ingredient name | BCF | Potential |
|-------------------------|---------|-----------|
| n-hexane | 501.187 | high |

Other adverse effects: No known significant effects or critical hazards.

13. DISPOSAL CONSIDERATIONS

Dispose of empty containers in accordance with Local Regulations.
Vapor from product residues may create a highly inflammable or explosive atmosphere inside container. Do not cut, weld or grind used containers unless they have been thoroughly cleaned.

14. TRANSPORT INFORMATION

Road and Rail Transport (Australian Dangerous Goods Code) ADG7.5

UN number: UN1993
Proper shipping name: Flammable Liquids N.O.S. (Naphtha Petroleum)
Hazard class: 3
Packing group: II

15. REGULATORY INFORMATION

Australian Inventory of Chemical Substances (AICS): All substances used are listed on the inventory.

16. OTHER INFORMATION

Abbreviations:

BCF Bio-concentration Factor
GHS Globally Harmonized System for Classification of Chemicals
