

MokiTag

Quick Start Guide

View complete MokiTag
digital user guide here

1. Unlock your iDevice and place it near your MokiTag.
2. Open the Find My app.
2. Click the "+" icon to add a new device.
3. Click on "Add Other Item".
4. Press the button on the front of your MokiTag to activate pairing.
5. When detected, product ID **ACC-MTAGT** appears. Click "**Connect**".
6. Name your MokiTag and click "**Continue**".
7. Select an Emoji to represent your MokiTag.
8. Read terms and click "**Agree**".

Your MokiTag is now paired and ready for use.
